## **Advanced Footcare Practice Guideline (2020) approved by CRNNL Council and CLPNNL Board**

The College of Registered Nurses of Newfoundland and Labrador (CRNNL) and the College of Licensed Practical Nurses of Newfoundland and Labrador (CLPNNL) advise that the Practice Guideline: Advanced Footcare has been approved by both nursing regulators.

Developed through a collaboration between the CRNNL and CLPNNL, this document articulates the practice expectations for registered nurses, licensed practical nurses, and nurse practitioners when providing advanced footcare within their respective roles. These practice expectations apply to practice settings within, as well as outside, the regional health authorities, including self-employment.

**Advanced Footcare** is available on the regulatory body's website ([www.crnml.ca](http://www.crnml.ca) or [www.clpnnl.ca](http://www.clpnnl.ca))
