LICENSED PRACTICAL NURSES
OF NEWFOUNDLAND AND LABRADOR
LPNS - A PRACTICAL APPROACH TO QUALITY CARE

CLPNNL Board Approves Three (3) Documents.

The College of Licensed Practical Nurses of Newfoundland and Labrador (CLPNNL) advise that three (3) documents have been approved by the Board at its February 2021 meeting.

1. **[Standards of Practice for Licensed Practical Nurses in Canada 2020](#)**

This refresh to the Standards document includes updated language and clarified indicators. The Standards of Practice and Code of Ethics for Licensed Practical Nurses in Canada, 2013, was contained within the one document folder. The *Standards of Practice for Licensed Practical Nurses in Canada, 2020* and the [Code of Ethics for Licensed Practical Nurses in Canada 2013](#) are now presented in separate documents. Revisions to the Code of Ethics document will commence this year.

2. **[Resolving Professional Practice Issues: A resource for LPNs](#)**

This Interpretive Document outlines a step-by-step process LPNs may utilize to identify and work to resolve professional practice issues should they arise in their practice areas.

3. **[Aesthetic Nursing Services](#)**

This Practice Guideline articulates the elements that must be in place in order for aesthetic services to be considered within the scope of practice for LPNs in Newfoundland and Labrador.

LPNs, employers of LPNs, and other stakeholders are encouraged to review the new documents.

These documents, and all practice support tools, are located on the CLPNNL website under the *Practice and Policy* tab.
